Parental Guidance ran a cracking race behind the unbeaten Black Cheetaah in his last start, he should run a good race again. Wild Wild Green was heavily supported in the market when making a winning debut, she can quicken very well in her race and could be anything. She's My World ran a cracker on debut when staying on strongly for second, she will improve quite a bit from that and could be the value in this race.

Race Preview: Double Grand Slam quickened up to win in Group 1 last time, she has been in terrific form this season and will be very hard to beat here. Fatal Flaw was given a top ride in her last start to win a great race, she likes to race up on speed and then kicks on strongly all the way to the line, with a similar performance of her Grade 1 victory last time, she will be the biggest danger to Double Grand Slam. Scarlet Macaw ran on powerfully behind Fatal Flaw to finish second, she is improving rapidly with every start. Rascova is extremely honest at this level, she tries hard and should be in the money.

Race Preview: Joy And Peace won impressively at Fairview Racecourse, she ran on strongly to win going away on that occasion and she should love the 2000m trip. Gimmethatpearl has always been packed with ability, she looked well last time and won a super race, she is in good form at the moment and should get the run of the race from a top draw of one. Saartjie is a lot better than her recent form, the blinkers have been fitted again and that could help her chances. Time For Love came back at them late to run a good third in her most recent start, she raced as if the 2000m trip would suit her down to the ground.

Triple Time is much better than his recent form over 1800m, now that he is back over the right trip, he should show sharp improvement. King Pelles absolutely relished the step up in trip to 2500m last time, he was finished strongly to win a good race, being consistent and should be right there again. Solomons Seal fought hard all the way to the line behind The Grey King last time, he was drawn poorly and still run a good second, from a good draw here, he will be right there in the finish. The Grey King was taken to the front last time when beating Solomons Seal in a driving finish, with a similar performance again, he will go close to winning. Let It Be Said is very consistent, if he gets some luck from a poor draw, he could finish in the money again.

Regulation ran on strongly to win a good race, he looks to be getting better with every start, he will be right there in the finish. Major Master win a gutsy race last time, he was heavily supported in the market and will love the trip. Sail The Seas has always been held in high regard by the stable, he won a good race on the 4th of January, with some luck from a poor draw, he could sneak into the places.

Race Preview: Please Be True ran a super race and finished fourth just over three lengths behind the winner, he is a nice type that and should have a good each way chance. Commanding stayed on strongly in his last start and finished second, he really enjoyed being out in front and if the same tactics are applied here, he could make victory. Green Garnet won his maiden well, this is a big step up in class for him, but he is progressive and could be competitive again. King's Quest accelerated like a smart horse to win well on the 26th of November, the form lines of that race have worked out well, he could be some value in here.

Race Preview: The Us Of A needed his last run badly and run on powerfully for second behind Bluff On Bluff, he is a nice horse and must be watched closely for the future. Empire State has run two very good seconds now in succession, he has dropped significantly in trip from 1600m all the way down to 1200m, but he is progressive and will be on the premises. Carriacou is extremely consistent, the drop in trip could help him get his head in front, he will be finishing very quickly late. War Chariot needs to be held up in his races and then get produced very late, he should be in the money at a good price.

Race Preview: The Real Prince run a good fourth in the Grade 2 last time, he should be running on powerfully late and must be included into all bet types. Snow Pilot had one or two hard luck stories in the Grade 1 event last time when finishing just over five lengths behind the winner, he is a strong galloper and will try his best to lead them from start to finish here. All Out For Six is much better than his recent performance, he is very gutsy and could easily win a race like this. Sugar Mountain should enjoy the drop in trip, there should be no excuses for him from a good draw.
